## UNEMPLOYED ARE COAST PROBLEM

Los Angeles Votes Monthly Fund of \$1500 for Relief of 30,000 Out of Work

### PORTLAND, ORE., GIVES WORK TO MANY MEN

San Francisco Plans Relief; Special Legislative Session is Urged

LOS ANGELES, Dec. 19.—The city council today voted \$1500 monthly for three months for the temporary relief of the unemployed. A mass meeting of civic organizations tonight will consider the problem of the unemployed. Chief of Police Sebastian today estimated that there are twenty thousand unemployed men and ten thousand unemployed women in Los Angeles. The Associated Charities is without funds, and has issued an appeal, saying that many are suffering. Addressing the council, Councilman Wheeler said that four thousand women stenographers, bookkeepers and office help were without work, and the problem was daily growing more acute. He predicted that the city must put the unemployed men at work on its idle lands.

PORTLAND PUTS HUNDREDS AT WORK—PROVIDES FUNDS  
PORTLAND, Dec. 19.—Hundreds of men were set to work digging trenches, laying water pipes and repairing streets under city employment today. Their employment was made possible by the action of the city commission making available \$1000 for the purpose. Each man will be permitted to work two days each week at \$2 per day.

State Highway Engineer Bowley, at the suggestion of Governor West, conferred with the Multnomah county court regarding state and county co-operation in building roads. If an agreement is reached many hundreds of men will be employed. According to Labor Council representatives, there are 6000 to 7000 idle men here, and the majority of them have families.

STITT WILSON URGES AID FOR SAN FRANCISCO UNEMPLOYED  
SAN FRANCISCO, Dec. 19.—J. Stitt Wilson, Socialist and former Mayor of Berkeley, today took the initiative in a movement to aid the unemployed here. He wants a municipal open employment agency, and thinks that Governor Johnson should call a special legislative session to deal with the labor situation throughout the state. Resolutions to this effect will be drafted for submission to a mass meeting which Mr. Wilson will address next Sunday afternoon.

Social workers say the volume of involuntarily unemployed is constantly increasing here. That the situation will be exceedingly grave unless prompt steps can be taken to provide them with work, is stated as their belief.

## SYSTEM USED BY SLEEPER IS APPROVED

Riverside County Assessor Here Investigating New Method

Yesterday County Assessor Montague and Chief Deputy Nichols of the county assessor's office of Riverside county made a careful study of the system of keeping the rolls in the office of County Assessor James Sleeper of this county, with the result that Riverside county will adopt the system used here.

Sleeper's system is recognized by assessors as the best in the state. In fact, this county is the only county that has assessors written up entirely by typewriters. Sleeper has his books in compact form and in such shape that an assessment being looked up can be turned to very quickly.

### ELSIE DE WOLFE TO TEST INCOME TAX LAW

Elsie De Wolfe, society woman and former actress has begun suit in the federal courts to test the constitutionality of the income tax law. Whether she did this on her own account, or was urged to it by some of her wealthy friends of the society of New York who must give up something from their incomes for the tax, is not known.

Miss De Wolfe is a bosom friend of Miss Anne Morgan, who inherited several millions from her father, the late J. P. Morgan. It is probable that the millionaires of New York and Chicago who want the law tested will let Miss De Wolfe's case go on to the United States supreme court rather than begin individual cases. The income tax law passed years ago was taken up by a member of a prominent brokerage firm of New York, and was finally declared unconstitutional by the supreme court after the change of a vote.

Miss De Wolfe has not acted for some years. She had some vague on the stage due largely to the fact that she had come from society. But she was not successful enough to be lured permanently to the stage life.

### ESTHER TOWNER CONANT CRUSHED UNDER CAR

Two Men Killed in Accident in New York—News Reaches Here

News was received here today of a frightful accident that occurred last Friday night in which Mrs. Esther J. Towner Conant, well known in Santa Ana, was badly injured and her husband and one other man were killed. Mr. and Mrs. Conant were riding to Syracuse in an automobile with friends, named Mr. and Mrs. Primo and Mrs. Francis's sister. At a bad turn the automobile skidded on ice, went into a ditch and overturned. Conant and Primo were instantly killed. Mrs. Conant was pinned down under the machine, but was partly protected by Primo's body. She was held down for nearly an hour before the auto was lifted and she was extricated. Mrs. Primo and her sister were not hurt. Mrs. Conant will recover, though badly hurt in the chest and head.

Esther J. Towner was the stepdaughter of Arthur J. Towner, who died here several years ago, and is a half-sister of Fred Towner and Karla Towner.

## ANOTHER GREAT SNOW VISITS DENVER

5600 Citizens Named to Aid Families Without Food and Fuel Supplies

DENVER, Dec. 19.—Denver's second terrific snow storm within a fortnight began at 4 o'clock this morning. At noon between three and four inches had fallen. The weather forecaster predicted that the storm will continue all today and tonight. He does not believe the storm will be so severe as the last one which tied up all traffic, resulted in closing schools, many places of business and marooned thousands of business persons in the downtown sections.

Mayor Perkins appointed John Brisen Walker as chairman of a committee of 5600 citizens delegated to relieve the distress of families without fuel and food as a result of the storm raging this afternoon. The city has been divided into one hundred sections and each was assigned to sub-committees.

Conditions are worse this afternoon on the western slope of the Rockies. The wind is rising, the snow is drifting and it is growing colder. The majority of the streets in the city are already impassable.

## U. S. TELEGRAPH AND TELEPHONE OWNERSHIP DENOUNCED

WASHINGTON, Dec. 19.—Senator Bourne of Washington today voiced a bitter criticism of the proposed government ownership of telephone and telegraph as advocated in the annual report of the postmaster general. He said:

"This talk of government ownership is all rot, dry rot. It would result in bureaucratic paternalism and government dissolution within a century. Under the proposed plan the government would employ more than three million persons, a sufficient number to control the government under present political machinery."

President Gives Reasons for Signing Bill that Was Bitterly Fought

### SAYS PROJECT SERVES PRESSING PUBLIC NEEDS

At Same Time Injures Neither Usefulness nor Beauty of Public Domain

WASHINGTON, Dec. 19.—President Wilson today signed the Hetch-Hetchy bill permitting San Francisco to utilize the Hetch-Hetchy Valley, California, for city water supply. The President attached a memorandum to the bill, saying he had signed the bill because it "seems to serve pressing public needs better than they could be served in any other way, yet does not impair the usefulness nor detract from the beauty of the public domain."

The bill was bitterly opposed by many conservationists and was passed only after a long fight.

The President's statement continued as follows: "The bill was opposed by so many public-spirited men, thoughtful of the interests of the people and of fine conscience in every matter of public concern, that I have naturally sought to scrutinize it closely. I take the liberty of thinking that their fears are not well founded. I believe the bill is on the whole in the public interest, and I am less uncertain in my opinion because I find it concurred in by men whose best energies have been devoted to conservation and in safeguarding the people's interests. Many of them have had long experience in public service which has made them circumspect in forming opinions in such matters."

### WOMEN TO CONDUCT EVANSTON INDEX

DENVER, Colo., Dec. 19.—Announcement was made tonight by John C. Shaffer, owner of the Denver News, Chicago Post and other papers, of the purchase of the Evanston Index of Evanston, Ill., which will be conducted exclusively by women.

Miss Hetty Catell, special writer on the Rocky Mountain News, has been appointed managing editor. The index is a weekly publication but it is Shaffer's plan to make it a daily. It will not be run, however, as a woman's publication, in spite of the fact that it will be conducted solely by women.

### GOOD OUTLOOK FOR 6 WEEKS' TERM U.S.C. SUMMER SCHOOL

LOS ANGELES, Dec. 19.—Plans are already well matured for the summer session of the University of Southern California. The classes will open in the College of Liberal Arts on Monday, June 29, to continue six weeks. The courses cover a wide range and are designed to meet the needs of college graduates, who are candidates for the degree of master of arts or for high school certificates; undergraduates, who are working for regular units; and teachers who wish to advance themselves in efficiency in their chosen profession. Thomas B. Stowell, dean of the summer session, says that the interest already manifested in the courses of study indicates a much larger attendance than that of last summer.

## U. S. HOSPITAL SHIP VERA CRUZ "SOLACE"

The Uneasy Situation in Mexico City Prompts Act—Zapata Near—Villa Advancing—Tampico Menaced.

WASHINGTON, Dec. 19.—The hospital ship Solace has been ordered from the navy yard to Vera Cruz to join Admiral Fletcher's squadron there. It was equipped to care for 1000 sick and wounded.

The decision to send the Solace to Mexico was the result of the precarious situation in Mexico City, where the government has learned, an exodus is likely on account of the approach of the Zapatista rebels, who encamped last night in the southern suburbs of the city. It is feared Zapata's entry into the capital, if effected, will cause danger to the Americans there. The cabinet discussed the situation at a meeting today. The secretaries agreed, however, that they expected a class and that Americans would suffer, and other foreigners also.

Secretary Bryan reported to the cabinet as to General Villa's behavior at Chihuahua. He understood, he said, that conditions there are improving.

### VILLA BEGINS ADVANCE ON THE CITY OF MEXICO

That General Villa has started his advance on Mexico City was stated in dispatches from Ciudad Chihuahua today. He left a sufficient garrison to defend Chihuahua.

### ADMIRALS AT TAMPICO SEND HURRY-UP CALLS FOR SHIPS

VERA CRUZ, Dec. 19.—Admirals

Fletcher and Craddock, American and British commanders at Tampico, have sent hurry-up calls for the American and British cruisers, Chester and Suffolk, to leave here for Tampico. The summons is interpreted here to mean that the rebels are again active there, and that uneasiness regarding the safety of foreigners is obliged to account for the admirals' apparent anxiety for speed.

### RUN ON BANK OF LONDON AND MEXICO IN PROGRESS

MEXICO CITY, Dec. 19.—A determined run is in progress today on the Bank of London and Mexico, the largest local financial institution and money conditions are worse than at any time in Mexico's recent history. The highest bank's official report on file with the government shows that the holdings are ten to twenty percent lower than the legal requirements.

### WOULD KEEP MEXICO OUT BY BARBED WIRE FENCE

WASHINGTON, Dec. 19.—To protect his constituency from the encroachments of Mexican rebels and bandits Senator Ashurst of Arizona today introduced a bill providing for the construction of a barbed wire fence on the frontier from the Pacific ocean to the Rio Grande river at a cost of not exceeding \$450 per mile. He asks for an appropriation of \$350,000.

## FRANCHISE IS IN QUESTION

Ghriest Writes Letter to Board Attacking Prospective Competition

C. H. L. Ghriest of Newport Beach has written a letter to the Board of Supervisors declaring that the Pacific Light & Power Co. has forfeited its franchise, secured that it might build a power line to Newport Beach and enter competition with Ghriest's company.

The letter says: "I respectfully call to your attention that the franchise granted to the Pacific Light & Power corporation, on the 17th day of June, 1913, became forfeited on the 17th day of October by limitation. I have the proof that the poles were only distributed within the last three weeks, and the survey was not begun until the past six weeks. Said corporation is now erecting poles within the county of Orange without lawful right, and I request that your honorable body take the proper course to stop construction of said pole line, and to declare said franchise forfeited.

"Yours respectfully," "C. H. L. GHRIEST."

## VILLA PARK JAPS PACKING IN PEACE

There was no disturbance at the packing house of the Central Lemon Growers' Association at Villa Park last night. The five Japanese who have been employed packing lemons have not been disturbed—except in their minds—since the visit of a number of white men Tuesday night, when two of the Japs were kidnapped, taken to Anaheim and put aboard a train. The two Japs returned the same night. The directors of the association have employed Deputy Sheriff J. M. Bacon, a nephew of Sheriff Rudock, as nightwatchman.

### PORTERVILLE DISPUTES POMONA'S CHAMPIONSHIP

PORTERVILLE, Dec. 19.—Disputing Pomona High's claim to the state interscholastic rugby title, Porterville High School has wired a challenge of a challenge to meet Pomona at either Pomona or Porterville. The challenge declared that the recent Pomona-Palo Alto game involved only Southern California and the San Francisco Bay region, and holds that in view of the fact that Porterville for three successive years won the central California League title, Kings, Tulare and Kern counties are entitled to a chance at the state interscholastic championship.

## HATTERS AGAIN LOSE FAMOUS CASE

Judgment Award to Plaintiffs of \$252,130 and Costs of the Trial

### CASE OPENED IN 1901 AND TRIED THREE TIMES

Labor Federation Backed the Defendants All Through History of Case

NEW YORK, Dec. 19.—The United States court of appeals yesterday decided the famous Danbury Hatters case in favor of D. A. Loewe, the plaintiff, and against the United Hatters of North America. The court affirmed a judgment in favor of Mr. Loewe and against the hatters' organization for \$252,130.

With interest and costs, the judgment now amounts to \$272,000. At the first trial, held in 1909, the plaintiff obtained a judgment for \$322,240.

Sustaining the second judgment, Judge Cox said it was no longer debatable "that the anti-trust act is applicable to such combinations as are alleged in the complaint," and that the act made no distinctions between classes of combinations or individuals.

### Case Began in 1901

A walk-out of union hatters employed by D. E. Loewe & Co. in 1901, was the beginning of the case. The factory, up to that time and since, has been conducted on a non-union basis. In 1902 D. E. Loewe & Co. brought suit against Martin Lawler and 239 other members of the Hatters' union, alleging a boycott that was in violation of the Sherman anti-trust law, in that interstate commerce was restrained.

The company alleged that its business had been seriously injured by the boycott, and claimed \$250,000 damages.

After a trial of 17 weeks, the jury returned a verdict for the plaintiff of \$74,000. Judge Platt, now deceased, awarded triple damages in accordance with the Sherman law, so that, with costs, the total amount was \$232,340. Two appeals were taken, each resulting in judgment for no plaintiffs. The American Federation of Labor backed the defendants.

## WATER SOAKING OF COAL WAS DEFENSE FROM COMBUSTION

SAN FRANCISCO, Dec. 19.—Fear of spontaneous combustion and not to add materially to its weight, caused the Western Fuel Company to keep its coal water-soaked, according to David Norcross of the corporation today in the trial of eight directors and officials on charges of attempting to defraud the government.

"The coal was heaped in piles of five tons," Norcross testified. "Frequently these piles showed signs of heat and would have burst into flames had the coal not been soaked."

The defense attempted to show during the cross examination of Norcross that "over-runs" of coal on which the government based the fraud charges are common to all coal companies. Special Prosecutor Roche objected to this line of testimony and said: "If it is necessary to prove that other coal companies are guilty of fraud we will do so at the proper time." Judge Dooley sustained Roche's objection.

## THE ATHLETIC CLUB DEFEATED FULLERTON

Thursday evening the Santa Ana Athletic Club basketball team defeated the fast Fullerton Y.M.C.A. team 41 to 31. This is the first game of the season on the home floor, and several more good games are in sight.

The line-up: S.A.A.C.—Lantz, McPhee, Wright, forwards; Barker-Grouard, center; Palmer, Bunch, Pease, guards. Fullerton Y.M.C.A.—Vance, Gobar, Puller, forwards; Salverson, center; Welton, Crandall, guards.

## Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, Dec. 18.—Up boys and  
England has high hopes of taking  
the polo cup back where the crack  
four, headed by Foxhall Keene, found  
it many years ago. Sir Thomas Lipton  
is building a challenger, which he says  
will "startle the world." And as for  
tennis, those Englishmen are thinking  
of drafting Whilding and a few other  
crack Australian players to send after  
the Davis cup, which was won by  
Maurice McLaughlin and his asso-  
ciates last summer.

It's a deep-laid plot. It isn't clubby  
to be hammering away at so many  
points at once. At least plans may be  
laid along that line for an alibi should  
there be a slip anywhere. The Eng-  
lish learned much during the year of  
1913 as to American methods in sports  
and they may be expected to profit by  
what they saw. As for polo, the  
Meadowbrook four may have to get  
up and dust some if they repeat the  
attack. The English were picked to win

this year and might have turned the  
trick had not Harry Whitney's aggre-  
gation fairly tore up all the turf at  
Meadowbrook in carrying the fight to  
the cracks from the other side. The  
Britishers were not accustomed to  
having the game taken so blamed seri-  
ously, but when they found it had to  
be done, they did a fair little job of  
ripping up considerable sod them-  
selves.

Whitney has announced his retire-  
ment from the game, so that the  
American four will have a new leader  
next year. It might fall to the veteran  
Foxall to go to the front again, but  
Whitney said he believed some of the  
younger men should be given a chance  
and if the ideas of the retiring leader  
are followed Keene is more or less let  
out.

The English are going at this polo  
business in dead earnest this trip.  
The ponies and candidates for the  
team are to be sent to Spain for their  
training. The weather isn't to be  
given a chance to interfere, and under  
the skies of the South J. Bull's men  
will keep in mind the charming Monte  
Waterbury and work up a counter at-  
tack.

There are likely to be several

changes in the English team, just as  
the American line-up is to be switched.  
So long as Maurice McLaughlin is  
able to shoot 'em over the net there  
will not be any need of great con-  
cern as to tennis. Norris Williams  
proved to be almost as good as the  
California comet, and with other stars  
rapidly rising the chances appear good  
for a successful defense of the Davis  
trophy. Harold Hackett, the third  
member of the American team which  
lifted the cup, stands a good chance  
of being supplanted in next year's  
tournaments. The English quickly dis-  
covered that Hackett was the weak  
member of the American team and  
fired as many of the shots as they  
could in his direction. But for the  
wonderful work of McLaughlin the cup  
would probably have remained on the  
other side, and the Americans would  
have been gloriously drubbed in the  
double.

There is as much jockeying in the  
reports coming from the erecutors of  
the two boats which will meet in the  
international race for the American  
cup as there will be in the race proper.  
Early reports indicate that the de-  
fender and challenger will differ wide-  
ly in design. Sir Thomas Lipton is

going to make his stab at the cup a  
real zipper, and the English builders  
are giving the impression that they  
have something "in the hole" to spring  
when the time comes. Naturally, fig-  
ures as to the measurements of the  
hulls will be kept secret until too late  
for the other fellow to make a switch.

The Shamrock IV is expected to  
have an unusually large sail spread.  
Reports have it that her keel, recently  
cast, weighs eighty tons. The Sham-  
rock III had ninety tons in her keel,  
and was a ninety-footer. The Sham-  
rock IV is to be only about 75 feet on  
the water line, so that with the great  
weight in the keel she may be ex-  
pected to have several acres of sail in  
comparison with her size. Sir Tom is  
evidently after driving power. The  
defender, being built by the Her-  
reshoffs, will have a keel weighing only  
about fifty-two tons. It is understood  
this leads to the belief that Herreshoff  
is going to produce a new seventy-  
footer. A new creation will be a de-  
fender giving the defender eight feet  
additional draught on windward work.

class experienced dressmaker. Mrs.

## PIONEER AIDED STATE'S GROWTH

John S. Calkins Dead in Los Angeles—Boosted Fruit and Scenic Beauty of State

Los Angeles Times: In the death of John Summerfield Calkins Wednesday morning at his home, No. 2122 Duane street, passed one of the men who helped make Southern California beautiful and fruitful. He came here in 1876, and soon after entered upon the business of nurseryman, which he had followed in the east. He conducted an extensive nursery at Claremont, living for years there, and in Pomona, until fifteen years ago, when he gave up business because of failing health. During his active years in this state he became much interested in the olive and its propagation. His nurseries at Claremont produced by far the greater part of the older olive trees now growing east of Los Angeles, and thousands of the ornamental trees that adorn the homes and drives of that region. The trees that line the famous Euclid avenue of Upland and Ontario, nearly all came from his plantings.

He made a scientific study of the olive, wrote extensively upon its culture, traveled and lectured in encouragement of the infant olive industry, and worked earnestly for the development of that business, holding for a long term of years the foremost rank among California olive propagators, and no man of this day exerted a larger influence toward the development of the state's resources. For the past eight years he has been an invalid, and wholly retired from active work. He was a native of New York, and 77 years of age. The funeral service was conducted in the Pierce funeral chapel at 10 o'clock this morning.

## RUN ON SCHEDULE TIME INTO ORANGE ABOUT FEBRUARY 1

Orange News: The first Pacific Electric car to run into Orange on schedule will arrive on or about February 1. That, according to Engineer Jackson of the Pacific Electric Company, in charge of construction on the Santa Ana-Orange line, is as near a specific date for the opening of the line as anyone connected with the company can give.

It is probable that work trains and an official car of inspectors will be over the line before that date, but the regular car schedule will not be inaugurated before the end of January.

This information has been submitted at the request of the Orange committee on celebrating the arrival of the first car in this city. That committee, with its sub-committees, held a meeting at the Commercial Club last evening and the above announcement was made.

The various committees will go to work actively to prepare for the celebration, now that a date has been fixed to which the members may work. The finance committee has already secured some funds for the celebration and will continue its work. The entertainment committee will immediately start to work on a program, and the concession committee will attempt to line up some amusement features. The head officials of the Pacific Electric will be interviewed and their assistance sought in making the celebration a success.

A meeting of the Pacific Electric right-of-way committee has been announced for next Monday evening, when an effort will be made to close up the affairs of that committee.

## \$24,000 PIPE LINE HAS BEEN FINISHED BY S. A. V. I. CO.

Orange News: After a month and a half spent in the completion of a \$24,000 project, the Santa Ana Valley Irrigation Company is now placing its irrigating system in full working order, having added a mile and a half of cement pipe to the pipe main canal, which is now an underground tube extending from Olive to Orange.

This last extension to the big waterway was started November 3; but, though the main ditch has not been in use since that time, the whole system, with but a very small exception, has been kept supplied with water which was flumed across the main canal from the east division to the west.

The cement tube was completed on December 8, and the drop ditches have since been finished and connected. The building of the pipe into the ground was a big job and should be a lasting improvement.

## THE COST OF LIVING

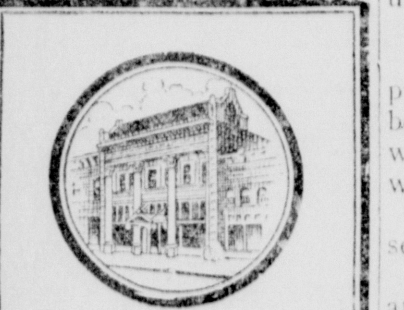

It has been said that the pure food law has operated to increase prices and that it is one of the reasons for the high cost of living. This is not so. The pure food law has increased food values, but not food prices. It is true that spices which five years ago could be bought for 15 cents a pound now sell for 25 cents a pound; maple syrup which formerly sold for 60 cents a gallon is now worth \$1.25 a gallon; 10-cent flavoring extracts have been replaced by 25-cent products. But this increase in price does not mean that the consumer is paying more for his foodstuffs than formerly. It is more economical to buy pure spices at 25 cents a pound than spices containing 50 per cent. of ground olive stones, coconut shells and sawdust at 15 cents a pound.

To those who love the flavor of maple syrup, the genuine product at \$1.25 a gallon is far more satisfactory than an artificial product at half the price, and the housewife who pays 25 cents a bottle for a bottle of vanilla instead of 10 cents for a worthless imitation is actually saving money and reducing the cost of living instead of increasing it, for the bottle of today will go five times as far as that of former days and at the same time be much more satisfactory. The price of the great food staples—flour, rice, corn, beef and sugar—is absolutely uninfluenced by pure food laws. They may be higher today and lower tomorrow, but their cost to the consumer depends on the available supply, influenced by the expense of preparation and transportation.

## MEDICAL OPINION ON DANCES

The latter-day dances have been discussed and criticized from almost every standpoint. To complete the list, The Journal of the American Medical Association has recently raised its dignified and professional editorial voice in gentle warning. "It seems somewhat late," it says, "to enter a mild protest against the fervor with which the newest 'so-called' dances have been taken up by a public already saturated with various nerve and mind destroying amusements and caprices. It seems unnecessary to call attention to the fact that the tango, the various waltzes, the maxixe, etc., are being ardently cultivated by callow youth and calloused old age. The problems created by these dances differ according to the age of the participants; for the young the question of morality is paramount; for the old the possibility of too great a strain on a dilated heart, or an arteriosclerotic vessel is apparent. The physician will do well to caution the stiff-jointed, aged patient, who derives too great a pleasure from those—to him—potentially harmful amusements."

Consult Dr. Enoch, Sunset Phone 47.

## Too Late

A man who had been "too busy to make a will" was taken ill. Then he decided to make one. He called his lawyer and gave the necessary instructions. He was still in bed when the will was drafted. It was read to him and witnesses were called in. The sick man said: "Wait till I change my position and I will sign it." He moved himself and reached for the pen, but before he could put pen to paper he fell back dead, and his wishes were never carried out.

## CITROGRAMS

The Southern Crop—Cold, snappy morning have tended to rapidly color the new orange crop, which is now showing up in such excellent condition in the packing houses. The recent cool spell has proven of uncounted value to the fruit, its shipping qualities, sugar contents, color and improved flavor. The tendency in some instances towards puff will also have been checked. While some orchards show considerable small sized fruit, this is now in condition where it can be held on the trees and ample time given for it to size before shipment. Christmas shipments have more than demonstrated the excellent quality of the navel crop, and seldom has such well colored, sweet fruit come forward from Southern California at this time of year. Many orchards are now showing considerable inside fruit, of good size and fine texture, and all indications now point to the Exchange crop estimates proving the "best guess."

Frost Protection—The last shipments of smudge pots have now arrived and been distributed in the orchards. It is estimated that, including the supplies ready for immediate delivery by the railroads and the oil ready stored in the orchards and by the packing associations, etc., that at least five million gallons of oil are available for use in case of any frost danger occurring. While some smudge has already taken place this has largely been confined to lemon orchards as a precaution where heavy young growth and large crops of young fruit are to be found on the trees. The time of firing has also been limited, in some cases the pots burning for less than one hour during the night.

# Holiday Suggestions Both Pertinent and Patriotic

When sending Christmas greetings to your Eastern friends, why not accompany them with a copy of the Register's "Orange County Quarter Centennial Edition?" Nothing of equal cost would be more appreciated, or do more good.

It would carry into the Eastern home in the "dead of winter" a breath of the soft, sweet air of Orange County and a ray of our bright warm sunshine.

And incidentally, it would be a big long boost for Orange County.

And it would be "different"—something new and unique in the way of a "Christmas Remembrance."

It's easy to mail, inexpensive, beautiful and useful.

Of course, if you are sending a Christmas box you can put one of these beautiful books in the bottom of it—it will be a present to every member of the family, and one that will give delight to the whole family connection and the whole neighborhood.

The price is only 25c and it costs only 8c postage if sent independently.

You can get these books, wrapped ready for mailing at the Register office, and they are on sale at the following places:

- Chandler's Music Store.

## WEST END THIMBLE CLUB

Members Entertained at Home of Mrs. E. J. Foster—Music and Needlework

Mrs. E. J. Foster opened her Birch street home yesterday to the members of the West End Thimble Club, extending them a welcome that made the event an especially delightful one. The cordial greetings made all of the ladies feel at once at home. The house was cozy and cheery in its pretty furnishings, and some lovely roses presented by Mrs. Horace Fine gave a touch of dainty color to the scene.

Beautiful pieces of fancy work, most of them designed for Christmas gifts to near and dear ones or to close friends, were sufficiently absorbing to keep the ladies busy during the afternoon. While they were serving they were delightfully entertained by the young son of the hostess, Milton Foster, who played several musical numbers on his violin, showing wonderful skill for so young a player. He was accompanied by Miss Esther Squires, and the melodies they made were so pleasing that the ladies enthusiastically encored them several times.

Young Mr. Foster was again pressed into service in the entertainment of his mother's guests when the hour for refreshments arrived. He proved a most successful assistant, dispensing the delectable dainties with urgent appeals to "take more."

There were twenty or more ladies present at yesterday's affair, several of Mrs. Foster's near neighbors joining in the enjoyment of the afternoon. The next meeting of the Thimble Club will be held in three weeks at the home of Mrs. Fannie Greenleaf, 2010 Greenleaf street.

One of the merry features of yesterday's meeting was a guessing contest which resulted in favor of Mrs. Buitt, a niece of Mrs. Foster, she having won a dainty handkerchief as first prize. The consolation prize, a chamomile for use with the powder box that adorns milady's table, went to Mrs. Walter Fine.

### Entertained Class

Rev. and Mrs. Fred Staff entertained the members of the Junior Bible Class of the First Congregational church on Thursday evening, impressing the guests with their pleasant hospitality. The program for the evening was found by matching the dissected names of presidents of the United States.

Bread and butter rhymes composed by the members of the class took the form of a contest that proved to be a merry one. Mrs. Staff won a triple prize of two booklets and an illuminated copy of the Lord's Prayer for the best rhyme, while the consolation prize went to Rev. Mr. Staff, who seemed to think his poetical achievements were not duly appreciated.

Solos by F. C. Rowland with piano accompaniment by Mrs. Rowland, and some character sketches by C. S. Shaw were warmly received and added much to the enjoyment of the evening. Refreshments of apples and popcorn balls were served by Messrs. E. M. Neudley, C. S. Crookshank, C. S. Shaw and Frederick Eley, making a pleasant close to a pleasant evening.

## CHRISTMAS BRIDES FROM MERRIE OLD ENGLAND

Miss Kathleen Saffell and Miss Daisy Padwick, two English girls who are on their way to California to be "Christmas Brides," arrived yesterday in New York on the liner St. Louis. Miss Saffell, who lived in London, is to marry William Robinson, a young English ranchman who has bought property near Visalia.

Miss Padwick is to marry Arthur North Chancellor, who is an electrical engineer living at Pasadena.

The young women will start for California immediately, and expect to reach their destinations in plenty of time for the ceremony Christmas Day.

### Delightful Meeting

Emma Sansome Chapter U. D. C. was delightfully entertained at the pleasant home of Mrs. Kate Bradford on French street yesterday afternoon. After attending to business of the chapter, reporting the good work it is doing, its plans, etcetera, a program was given.

Miss Adams, a niece of Mrs. Dr. Head, won her hearers with "Old Uncle Ned," and when her sweet voice rose in "Nelly Gray" all eyes filled with tears. Miss Montgomery of Waco, Texas, a guest of the chapter's president, Mrs. Victor Montgomery, gave "Nelson's Courtin'" in negro dialect and responded to an insistent encore with "Speak Up Like." The chapter is much indebted to these charming young ladies for their selections of recitation and song.

The next meeting will be with Mrs. Montgomery on Jan. 19, 1914, the birthday of Gen. Robt. E. Lee, when the Veterans will meet with the chapter. After a pleasant social time delicious refreshments were served by the hostess, assisted by Mrs. Goodrich and the meeting adjourned, all thanking Mrs. Bradford for the delightful afternoon.

### Passed the Golden Mark

Rev. and Mrs. Chas. H. DeWolfe very quietly but happily celebrated the fifty-first anniversary of their wedding day, occurring yesterday, with a small dinner party last evening at their Van Ness street home. The only guests outside of their own family were their pastor, Rev. Otto S. Russell, wife and daughter, and Mrs. J. G. Bailey and Miss Kassie Bailey.

The appetizing dinner of two courses was prepared by Mrs. DeWolfe, who is 76 years old, and part of the china used on the table is 100 years old, having belonged to Mrs. DeWolfe's mother. The remainder of the china was 31 years old, having been presented to Rev. and Mrs. DeWolfe on their twentieth wedding anniversary. With the dainty china, which in itself was a decoration to the table, were used roses and ferns.

Rev. and Mrs. DeWolfe were married in Marion, Ohio, and have resided in Santa Ana for eight years. The celebration of their golden wedding day last year was a notable one. Both are prominent in the First Baptist church, where they have their church home in Santa Ana.

## DRAGON BALCONY DINNER

Miss McFadden Hostess Last Evening at Delightful Function for the Doleses

One of the most elegant affairs given for Mr. and Mrs. John Dolese since their marriage a few weeks ago at the home of the bride's mother, Mrs. James Harrison, was the dinner given in the Dragon balcony last evening with Miss Jeanette McFadden as hostess. Pink Maman Cochet roses in a cut-glass vase held the center of the table, and from this pretty centerpiece were streamers of pink ribbon to each cover, and a single Maman Cochet rose of glowing pink was at every plate.

Covers were laid for Mr. and Mrs. John Dolese, Mrs. James Harrison, Mr. and Mrs. Fred Rafferty, Mr. and Mrs. Clyde Walker, Mr. and Mrs. F. W. Fuller, Miss Charlotte Dresser, A. J. Perkins, and the hostess, Miss Jeanette McFadden.

The dinner was elegantly served and the following menu was carried out:

Cheese	Crackers
Boiled Fish	Relish
Fried Chicken	Egg Sauce
Hot Rolls	Gravy
French Peas	Asparagus Tips
Olives	Pickles
Fruit Salad	Nabiscos
French Bisque	Glacé
Cakes	Mints
Demi Tasse	

The individual cakes, mints and the Bisque Glacé were adorned with dainty confectionery roses.

### Round-the-Corner Club

Mrs. S. M. Davis was this week's hostess to the members of the Round-the-Corner Club at her French street home. The ladies had with them their Christmas needlework and over this they made plans for a New Year's dinner at which they will entertain their husbands. The serving of refreshments completed the pleasant afternoon.

Those present were Mesdames W. C. Budrow, E. R. Keech, Eugene Huff, F. M. Gardner, S. P. Jayne, A. R. Hervey, P. A. Robinson, H. F. Stone, Misses Cara Keech, Ruth Hilyard and Laura Smith.

### Visit From Chief Officer

Last night was the Fraternal Brotherhood's regular meeting night and the lodge was honored by a visit from the supreme vice-president, Emma R. Neidig of Los Angeles.

At the close of the business session Mrs. Neidig gave an illustrated lecture on the San Diego and San Francisco expositions, which showed views from all over the state.

Mrs. Neidig complimented the order on its growth, and after partaking of the banquet took her departure for Los Angeles. After her departure the local members played games and had a general good time.

### Missionary Meeting

The ladies of the Foreign Missionary Society of the First Baptist church met at the home of Mrs. White, 838 Van Ness street, on Wednesday afternoon. Holly gave the rooms a Christmas effect. The president, Mrs. Austin, presided, opening the meeting with the singing of "Nearer My God to Thee," by the society. The devotionals were led by Mrs. Ritzer, followed with earnest prayer by Mrs. Russell.

A very interesting program was given by seven ladies designated as the "Seven Fagots." They were Mrs. O. S. Catland, Frank Austin, Van Cleave, Baker, Z. B. White, and Darling, and the program was most instructive and interesting.

After the business session was concluded light refreshments were served by the hostesses, Mesdames White and Darling. The members and visitors heartily thanked their hostesses for the pleasant afternoon as they took their departure.

At the meeting of the Woman's Foreign Missionary Society of the First Methodist church, held yesterday afternoon at the home of Mrs. W. O. McLeod, there was an attendance of 26 ladies. The program consisted of two very able papers on two chapters of "Our Work for the World," the missionary textbook being studied this year by the ladies of the society.

A report from the secretary of the society included the report of the financial returns from the supper given by the society two weeks ago. It was most satisfactory.

Shower for Miss Alice Phinney  
Miss Alice Phinney, who is soon to be married and leave Tustin, was given a shower by her young friends at the home of Miss Mabel Logan last Wednesday night. Those who attended the shower might have felt as though they were in fairy land and none perhaps fully realized how favored they are who live in this corner of the world, where for the

were trouble of cutting, a profusion of asparagus fern and sunlaik can be had for elaborate decorations which in the east would cost a large sum of money. The delicate tracery of fern on the lace curtains had a particularly graceful and artistic appearance brightened with Christmas bells (or wedding bells). The large red bells hung from electric lights were also in green setting of waxy smilax and ferns. In nook and corners on piano, table and pedestal bright holly was seen throughout two parlors, dining room and halls, not forgetting the mistletoe bough over the archway.

Some of the Tustin people have said this week that they are too busy getting ready for Christmas to think about social events, but when one of her favorite young ladies is so soon to be married a shower comes up to stop the mad rush of Christmas gift making and things must be brought out from their hiding places and an evening must be set apart for the shower.

About 8 o'clock Charles Logan went down to bring Miss Phinney to spend the evening with his sister at their home, where she was met by quite a gathering of young men and maidens. She was escorted to the center of the room and a large basket decorated in red and green was placed before her. She at once understood and proceeded to inspect its contents with many expressions of appreciation. There were many lovely gifts of china, cut glass and linen. Many fun provoking games were played and the young people had a lovely time. At a late hour dainty refreshments were served.

In all the beautiful decorations and in arranging the pleasant evening for the young people, Mrs. Logan was the guiding hand.

Tustin Missionary Society  
The Women's Missionary Society of the Tustin Presbyterians held its regular meeting at the Tustin church Thursday afternoon.

The new president, Mrs. H. A. Allen, presided and the meeting was opened with Scripture reading and prayer by Miss Mitchell of Santa Ana. Miss Mitchell was formerly a resident of Tustin and a member of the society. Her presence and talks are always much appreciated. After a short song service and prayer by Mrs. Blew reports and minutes were read and approved. The box secretary reported having sent forty quarts of preserves to the Spanish school in Los Angeles.

A very interesting report was read by Mrs. J. H. McCullough of the meeting of the December Presbyterial at Los Angeles, to which Mrs. McCullough was sent as a delegate by the society.

The two little daughters of Mrs. J. A. Phinney then sang a Christmas song together, accompanied by Miss Williams.

The names of two missionaries were read by Mrs. Allen, who requested special prayer at this time. The prayer was led by Mrs. Blew.

The subject of "Syria" was then taken up for study and discussion and the following program had been arranged by Mrs. Blew: A beautiful poem called "The Clover Song," was read by Mrs. C. E. Utt; an article on "Educational Work of Missions in Syria" was read by Miss Stone; Mrs.

Allen read a paper on "Medical Missions in Syria," and Rev. Blew took up the subject of "Evangelism in Syria" at some length; Mrs. Blew read a short poem, "The Magi and the Star," which closed the meeting.

### BOY'S STORY WAS ROMANCE

Investigation Convinces Probation Officer Foster Parents Worthy

Scott Took Romeo Back to Family on East First Street This Morning

Probation Officer Scott is fully con-vinced that the story told by little Romeo Morris, a 12-year-old white lad who applied for aid at the Detention Home Wednesday night, is largely romance. The boy declared that a Mexican family had kept him for three years, and had threatened to kill him, so he ran away.

Scott found that the boy is the adopted son of Mr. and Mrs. Santiago Vallejos, who have started a small grocery store on East First street.

They found the boy in Albuquerque, N. M., where he had been deserted, and took him to raise. They have papers to show that he was legally adopted by them. Another white boy is also being raised by the family.

Scott made a thorough search into the reputation of the Vallejos family, and found that they are very worthy people. Mrs. Vallejos has done mis-sionary work among Mexicans. So far as can be learned, they have fur-nished a good home for the boy. Wed-nesday he was sent to Raymond's store to distribute circulars for half a day. The boy was away from home all day, and when found was scolded, but was not threatened. He slipped away from home and went to the Detention Home, where he told Su-perintendent Hill a story, some of which was true and a good deal of which was not true.

Scott concluded that the boy ought to be returned to his foster parents, and this morning he took the lad from the Detention Home and turned him over to Mr. and Mrs. Vallejos.

## Tustin Correspondence

### SOCIETY AND CLUBS

**The Y's**  
The Tustin Y held a meeting last Monday night with Misses Emma and Ella Awe. It was attended by about forty young people. The business meeting was followed by a program of music and readings. Misses Grace Hatfield and Margaret Tingley played piano solos and Velma Awe gave a reading. Christmas decorations made the scene a lively one and the young people immensely enjoyed the games of holly tag and mistletoe kissing.

### Junior Social

The Junior Endeavors had a delightful little Christmas social at the home of Mr. and Mrs. C. L. Awe last Wednesday afternoon. There were twenty-six little girls and boys present. Miss Lola Robinson is superintendent of the society and the meeting was led by Evelyn Willard. The house was decorated with holly. They held a business meeting first and that was followed by games which afforded lots of fun and amusement for the little folks. Cocoa and cake were served by the hostesses, Misses Emma, Ella and Velma Awe.

### Christmas Exercises

At the close of school last Friday afternoon the exercises by the first and second grade pupils were well worth attending. The program was fine and the Christmas carols sung by the children were beautiful.

The program was as follows:

Song, "Santa Claus."  
"A Message to the Candles"—Ten Second Grade Pupils.  
Organ Solo—Lenora Phinney.  
Cradle Song—Marjorie Cranon.  
"The Baby's First Xmas"—Marjorie Colant and Velma Dillon.  
Song, "Shine Out, O Blessed Star."  
"A Letter to Santa Claus"—Elizabeth Utt.  
A Christmas Aerobic—Ten First Grade Pupils.  
"A Query"—Arlene Lehman.  
Sleighbell Song.

At the close of the program the room was darkened and the candles on the Christmas tree were lighted. The room was beautifully decorated with holly and other greenery. The little ones seemed particularly well drilled this year. Their progress in this first term has been remarkable and they were a happy band last Friday afternoon at the closing exercises.

### Missionary Society

The Woman's Home and Foreign Missionary Society of the Advent Christian church held their all-day meeting last Thursday at the parsonage. The ladies completed three beautiful comforts which had been ordered by Mr. N. S. Long. They also enjoyed a good dinner and a social time together.

### Miss Coffee Fortunate

Miss Rowena Coffee, daughter of Robert Coffee of Lemon Heights, was on the northbound Santa Fe passenger limited, "The Saint" when it crashed into the rear end of another northbound passenger at Storey, Madera county, twenty miles north of Fresno, last Sunday morning. She fortunately received no injuries except a bruise on the knee, which is not serious, though her watch was broken, perhaps beyond repair.

Twelve passengers were seriously injured, one fatally.

A letter from Miss Coffee says the fact that she was up and dressed saved her. Those who were still lying in berths had their heads almost telescoped in their shoulders by the impact.

Miss Coffee attends the polytechnic school in Santa Ana, belongs to the basketball team and is one of their best players.

Miss Coffee expressed some fear before she started about traveling on Friday or on Saturday, the 13th, and would have come before that time had it not been for the basketball game at Huntington Beach. On Saturday morning she purchased Christmas things to the amount of about \$9 and had everything ready to be taken by auto back to Santa Ana and catch her train, left her belongings in the auto during the game, among them the Christmas package. When the game was over the package was gone, and for that reason she started sadly on her journey, going on her Christmas

trip to Oakland without any Christmas gifts, although she had spent her money to obtain them. She now thinks that misfortunes sometimes do not come singly, but is fortunate after all to escape from an accident like that with only a few slight bruises and a broken watch.

### Literature Section

The Tustin Literature Section held its regular meeting last Tuesday afternoon with Mrs. William Belding. The December issue of the "World's Work" furnished the subjects of study and discussion and this was followed by a social hour and refreshments.

### K. P. Christmas Entertainment

The Knights of Pythias and Pythian Sisters will hold their Christmas entertainment on next Tuesday night. There will be a Christmas tree and Santa Claus will be there. Everybody invited.

### Auto Trips

A notice is posted in front of the Tustin drug store to the effect that an auto stage will run from that store to Fourth and Main streets, Santa Ana, every morning at 7:30 and a returning trip to Tustin at 6:30 in the evening.

### W. C. T. U. Meeting

The next meeting of the Tustin W. C. T. U. is postponed until Jan. 8. The meeting on that date will be in charge of Mrs. C. A. Miller.

### Young Women's Sewing Circle

The Young Women's Sewing Circle held its meeting last Friday afternoon with Mrs. Guy Bolyard. All the ladies present brought their babies with them. Nevertheless a good deal of work was done in finishing up Christmas gifts.

The afternoon was pleasantly spent and refreshments of cake, chocolate and home-made candy was much enjoyed.

## AT THE COURT HOUSE

IRVINE SUES  
HIGH SCHOOL

Disagreement Over Extras  
Taken Into Court for a  
Settlement

Disagreement over extras has brought an action by David Irvine, contractor, who built one of the poly high buildings, against the Santa Ana High School district and J. B. Murphy, a sub-contractor.

After Irvine secured the contract for \$36,000, Architects Whitney & Davis raised a fire wall six inches. Irvine claims \$33 for extra cement, \$180 for raising the fire wall, and \$33 for extra locks, and Murphy, plasterer, claims \$348.80 for extra plastering of the fire wall addition.

The school board has held out \$1320.35 of the contract price awaiting an adjustment of the differences. The architect does not allow some of the extras, and both Irvine and the

school board take the view that the plasterer is over-charging for extra plastering.

The automobile club's letter states that it would like to address the Board of Supervisors upon the matter.

## EMERSON'S FAILING MEMORY.

He Was Conscious of It, but His Amiability Never Wavered.

I had as a fellow guest a man who had long been intimate with Emerson and whom the poet was very glad to see. Talking with me after tea in the library, Emerson said:

"I want to tell you about a friend in Germany. His name I cannot remember," and he moved to and fro uneasily in his effort to recall it. "This friend with whom we have taken tea tonight, whose name also I cannot remember"—here again came a distressed look at the failure of his faculty—"I cannot remember his name either, but he can tell you of this German friend whose name I have also forgotten."

It was a sorrow to see the breaking down of a great spirit and his agitation as he was conscious of his waning power. And yet, so far as I could see, it was only the memory that was going. The intellectual strength was still apparent and the amiability of his spirit was perhaps even more manifest than in the years when he was in the full possession of himself.

This came out in little things. He was over-anxious at the table lest the hospitality should come short, troubled about the supply of butter and apple sauce, and soon after I saw him on his knees on the hearth taking care that the fire should catch the wood to abate the evening coolness that was gathering in the room.—From "The Last Leaf," by J. K. Hosmer.

## UNCONSCIOUS OF FAME.

Grote, the Famous Historian, Was a Man of Great Simplicity.

George Grote, the famous author of the "History of Greece," long the standard on that subject, was a man of great simplicity and was wholly unconscious of his own celebrity. Several anecdotes illustrative of this fact are given in "Some Famous Women of Wit and Beauty," one of whom is Mrs. Grote.

While Mr. Grote was walking in the park he would perhaps notice that one or two persons looked at him with some attention. He would at once turn to his wife in alarm.

"Have I got any dirt on my face, Harriet? Is there anything the matter with my hat?" and he would clutch his headgear with both hands. "Why are those people looking at me?"

Mrs. Grote's proud answer was, "Because you are George Grote, that's all!"

Once when he was on a visit to Cambridge Grote wished to see the professor of natural history, but was told that the professor was so busy dissecting something that he could not be interrupted. "Strong magnifying power, powerful light, shirt sleeves up, cannot be bothered with anybody." The modest historian would have retired, but his wife persisted that it was Mr. Grote who wished to see the professor.

"What?" he cried. "Mr. Grote? Give me my coat. I must wash my hands." In a minute he had transformed himself and would not let them go for two hours.

## Animals Don't Need Eyes.

Animals do not depend upon their eyesight in the same way as human beings. Cats and dogs could get along very well without eyes. A cat can find her way with the aid of her whiskers. These are the same whisks as her body and connected with nerves which cause her to feel the slightest touch.

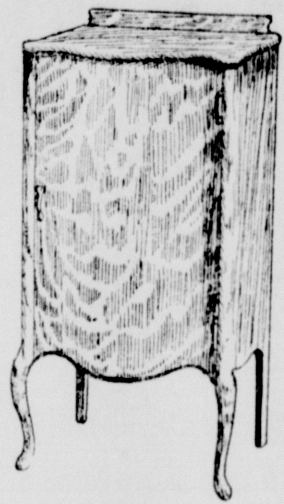

Dogs can be entirely guided by their sense of smell. Blind dogs have been known to scent and find their way to the most inaccessible places. Their hearing is also preternaturally sharp.

Rats can see very little and depend chiefly upon their noses, muscles, touch and hearing. In the case of most animals the senses of smell and touch are more highly developed than that of sight, and they do not require to depend upon their sight nearly as much as do human beings in regard to safety.—London Globe.

WASHINGTON, Dec. 19.—Secretary Bryan and Chevalier Van Rappard, Netherlands minister, yesterday signed a treaty providing that any question between the United States and the Netherlands, which cannot be settled by diplomacy, shall be submitted for investigation by an international committee of five members. The period of investigation is fixed at one year, although it may be shortened.

This is the first treaty between the United States and a European nation, based upon Secretary Bryan's peace plan. Similar treaties have been negotiated with five Central American nations and it is planned to sign one tomorrow with the Dominican republic.

The treaty, like the others, is to run for five years and thereafter remain in force until twelve months after one of the high contracting parties has given notice of an intention to terminate it. The international commission must be appointed within six months after the exchange of ratifications.

## 800 WILL BE AT BIG SAVINGS BY BANQUET FOR FORBES PARCEL POST SYSTEM

Taft Will Preside—Slavery in Commission Makes Report and Philippines to Be Told of Frames. Measure for Credit System

NEW YORK, Dec. 19.—Former President William Howard Taft will preside at tonight's complimentary dinner to William Cameron Forbes, governor-general of the Philippine Islands, at the Hotel Plaza. Former Governor-General Forbes, Dean C. Worcester, ex-secretary of the interior of the Philippines; Judge Albert F. Jenks, and other prominent men will deliver addresses.

A feature of the affair will be Dean Worcester's address. He will show lantern slides to prove his assertion, made in a recent report to the government, that slavery exists in certain sections of the islands.

Richard E. Forrest, secretary of the dinner committee, said today that invitations to attend have been accepted by 800. All speeches will deal with what the United States government has accomplished since it took over the Philippines after the Spanish American war.

A small payment down will secure the best kind of a Christmas gift for a man or boy—a bicycle. Russ Coleman, 217 W. Fourth street.

WASHINGTON, Dec. 19.—Real cash, the hard-earned sort, will get Mr. Common People his wife and their children this year through the operation of one of Uncle Sam's departments. A brief comparison of what it cost to send gift packages by express or mail last year with the rates possible under the parcel post system this year shows how the government can aid when it is permitted to. In no instance are the express rates reduced less than one-half and in many of the amount of reduction is far more. And the money which last year went to the express companies, this year goes to the people themselves. Say, for instance, that you live in Baltimore and want to send four pounds of candy to someone in New York as a Christmas remembrance. Last year, it would have cost you, mailed, one cent an ounce. It would have cost you sixty-four cents to send four pounds by mail. By express it would have cost you for the same distance, forty cents—the expressage from Baltimore to New York for anything weighing less than five pounds. By expressing it, then, you would have saved 24 cents last year. You want to send a similar gift this year. The express rate is the same as before—10 cents for packages weighing up to five pounds. You turn to the postal rates. You find a difference in rate, and it is difference that is going to save you and everyone else a lot of money this Christmas, for you don't have to pay a 44-cent rate, as last year when you mailed it, and you don't have to pay a 49-cent rate, as you did when you expressed it last year. You pay just EIGHT cents, just one-eighth of what it cost you before, to send the four pounds, five cents for the first pound and one cent a pound for every additional pound. What is more, this year you can send five pounds or fifty pounds, whereas last year you couldn't send more than a postmaster in the country to send a package if it weighed a fraction over four pounds.

To express a four-pound box of candy from St. Paul to New York would cost 75 cents more than to have mailed it last year. Now, by mailing the package, you save yourself just 38 cents, a little more than half of the express rate. Next year, thanks to the sweeping reductions in parcel post rates, the same package will cost only thirty-three cents—a saving of forty-two cents over the express rate. The new parcel post rates will become effective New Year's day.

## HARD SLEDDING ON STATE ROAD

Trip Between Santa Ana and Anaheim Attended by Difficulties

With the contractor for building the state highway from Santa Ana to La Habra tearing up portions of the main road between Santa Ana and Anaheim, considerable difficulty has been experienced in traveling between the two points. West Chapman street, between the end of Main street and the bridge is plowed up, and South Los Angeles street in the Anaheim section is in like condition. The contractor is supposed to keep a passable road alongside of the grading work, but the road provided is rough, and the ordinary automobilist will be more than glad to make a long detour to avoid the bad stuff.

A good deal of the travel is through Garden Grove. West Fifth is open to Blankenbeckler's store, at which point a turn north can be made. By going west on West Seventeenth street, north and south streets running Anaheimward will be struck.

Several automobiles going into the section east of Anaheim from Santa Ana have taken the main road as far as the northwest corner of Ford's place, where a turn east is made until the Ball road is reached, where a turn north is made.

One route taken between Anaheim and Orange and Santa Ana is that by way of Olive and then down through Orange to Santa Ana.

The other route is closer but in taking this way it is necessary to go through the river bed where the sand is quite deep.

The route goes out East Broadway to Placentia avenue, turns east about a half mile this side of the Tustin branch, and then after winding around along this branch, the river is crossed, which lands one on Collins avenue. The turn to Santa Ana is made at the continuation of North Main street, or at the sign which says Dr. R. A. Adams.

AVIATORS AID IN  
DEFEAT OF  
MOORS

Spanish Airmen Rose Beyond Rifle Range and Tossed Explosives Below

MOORS THEN CHARGED BY SPANIARDS AND BEATEN

U. S. Army Experts Regard Exploit as Proving Value of the Aeroplane in War

MADRID, Dec. 19.—A large force of Moorish tribesmen was routed with heavy loss today by the Spanish troops at Muley Abdellah, Spanish Morocco. Spanish military aviators threw the Moors into disorder with showers of bombs.  
Spaniards attacked the Moors with a brigade of sharpshooters, a battalion of infantry, four batteries of artillery and a large body of native auxiliaries.  
When the order for the general advance of the Spanish column was given the advance guard discovered several thousand Moorish mountaineers concealed in the irregularities of the ground.  
A flotilla of military aviators was sent to reconnoiter. By means of flag signals the aviators guided the column of Spanish troops. A heavy artillery fire was opened by the Spaniards, without effect.  
The aviators then ascended to an altitude out of range of rifle fire and flew directly over the places where the Moors were in the greatest numbers. Then came what the dispatch to the Spanish War office described as a "veritable rain of bombs, tossed by hand by the airmen into the midst of the Moors."  
After this bombardment the Spanish infantry charged with the bayonet and dislodged the Moors from their positions, causing them to flee in great disorder.  
U. S. Experts Pleased  
WASHINGTON, Dec. 19.—Experts in the Signal Corps at the War Department heard the report of the successful bombardment by the Spanish aviators with keen interest, declaring it proves the value of the aeroplane in actual reconnaissance and its use as a weapon of offense in attack.

MISS GARDNER  
IS ADVANCED

Graduate of Local School is Deputy in Prosecutor's Office

Miss Margaret Gardner, a graduate of the Santa Ana High School and Stanford University, and formerly a resident of Orange, has been given promotion in the office of the city prosecutor in Los Angeles, where her brother, Dian R. Gardner, also a Santa Ana graduate, is a deputy. She is a sister of H. H. Gardner of Santa Ana and R. Gardner of Orange. The Tribune this morning says:  
When 1913 has passed into the discard and the turmoil of New Year's day merry-making has turned again into a serious consideration of life and life's incidents, the eyes of Los Angeles will be riveted on the appearance of its woman prosecutor, whose debut before the magistrate's bar of justice will make an epoch in the annals of American criminal procedure.  
This Portia of the police courts is Miss Margaret Gardner, who has been a member of the city prosecutor's staff of legal assistants about a year. But until the arraignment of a prisoner of her own sex on the 1914 police calendar, she will not have been seen in public light. She has been but a valuable adjunct to the routine of business in her superior's office. Hence, she has been a silent worker—silent inasmuch as her voice has not been heard in the halls of justice.  
Will Succeed Kelley  
But next year will witness her advent into the actual verbal battles waged over those who trespass on the law and its enforcement. The resignation of one of her co-workers has made possible her appearance as a trial lawyer. W. P. Kelley, a deputy city prosecutor, is severing his association with the civic administration to engage in private practice. And when Mr. Kelley hangs up his shingle Miss Gardner will step into the breach.  
During the past year Miss Gardner has assumed charge of thousands of cases that have come under her jurisdiction in the city prosecutor's office.  
Work Already Valuable  
A woman always has been the central figure in the big and little complications that have been thrust upon Miss Gardner for arbitration and except when she has found it expedient to issue warrants for arrest, her labors have chiefly been confined to those of an advisory character. Women and girls of all types have come to her for counsel and her success in satisfying her "clients" has gained her the reputation of a keen reader into the motives that prompt women to commit crime.  
The fair prosecutor said yesterday that when she undertakes her duties she will endeavor to keep as many cases as possible out of court when a peaceful settlement can be effected by creating a better understanding between the contesting parties.  
Stomach Troubles Disappear  
Stomach, liver and kidney troubles, weak nerves, lame back and female ill disappear when Electric Bitters are used. Thousands of women would not be without a bottle in their home. Edna Pool of Depew, Olla., writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. Every bottle guaranteed, 50c and \$1.00. At all druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

## WARRANT OUT FOR SLICK ONE

Some of Miller's Anaheim Victims  
Want to See Him  
Arrested

Anaheim Herald: Nothing has been heard of Paul H. Miller, the man who had planned to change the business and social aspect of this city to a considerable extent, on the 17th, but who disappeared from the scene the day before all of his various plans were to mature, leaving a good many disappointed but wiser people behind him.

These people are not planning to let him get away if they can help it, for last night a warrant was issued by Justice of the Peace J. S. Howard and was sworn to by Theodore Roberts.

The warrant for the arrest of Miller was sworn to last night charging him with obtaining goods to the extent of \$187, under false representations. Mr. Roberts had a detective employed yesterday on the case, and it was thought by issuing the warrant at once, it might be possible to pick Miller up some place in Los Angeles. He was reported to have been seen up there yesterday.

In regard to the grounds upon which the warrant was issued there is a legal distinction, which is in favor of the local merchants. In Miller's dealing, he got the goods on the strength that a large amount of money was to arrive on the 17th of December. If he had just gone to these stores and asked for credit as one would naturally have done, and not represented that this sum of money was coming to him on the 17th, it would have been impossible for any legal action to have been taken. The penalty for this crime in case of his conviction is as high as ten years in the penitentiary. If the amount of goods he had procured had been less than fifty dollars, the maximum sentence would have been six months in the county jail. This is the distinction between grand larceny and petty larceny. The warrant was issued on grounds equaling grand larceny.

The list of those who were stung, which was printed yesterday, was not all, for there have been some more which were heard from today, and there are no doubt more yet unheard from.

H. Braden, who owns the Braden machine shop and garage on East Center street, and the honor of selling Miller two Buicks. The cars were never taken from the garage, but Mr. Braden was accommodating enough to take Miller up to Los Angeles once or twice.

The Daily Herald was to have had a half page advertisement from Miller on the 17th, but needless to say, the business was not taken.

One of the clever ways Miller had of fooling the people was his supposed religious zeal. Every Sunday since his arrival here, he has been a regular attendant at the German Lutheran church and sat far in front so that everyone could see him.

Suspicion of his intentions and sincerity had begun to be apparent as the 17th drew close. The only man who took any definite action to question the representations of Miller, however, was Chas. Eygabroad, who wired back to the Forest City Hotel at Cleveland, Ohio, to see if Miller had any interest in that hotel, and so the Anaheim National Bank kept clear of him.

**ANTY DRUDGE**

**Mrs. Complainor**—"I declare, day in and day out, summer and winter, it's the same old story. Work, work, all the time. I don't see how it is my neighbors have time to take a vacation now and then. I'm sure I can't get done in time to even have a decent rest."

**Anty Drudge**—"My dear woman, you could if you would. You could do just what most sensible women do—use Fels-Naptha Soap. It is the greatest work saver for women that has ever been invented."

With Fels-Naptha Soap you can do your wash summer or winter without hard rubbing, boiling or hot water. It dissolves grease in pots and pans; makes china, glass and silverware glisten; brightens and freshens everything it touches.

Fels-Naptha does not fade delicate colors; it takes out stains, works best in cool or lukewarm water.

Follow the directions on the Red and Green Wrappers. Better buy Fels-Naptha by the box or carton.

## SIGNING TO PAVE THEM FULL WIDTH

Garden Grove Property Owners  
Want More Than a Street  
Strip

Garden Grove News: The property owners within a block of the postoffice are signing the agreement to pay for paving the side strip along the street between the paving to be laid by the county as a part of the good roads system, and the curb. It is expected that all of the progressive owners, and we are all that kind, will join in the agreement and so have the center of the town all paved.

The Bank of Garden Grove "gets hit" to the tune of about \$185, but Cashier Cloyes signed the agreement with a smile. George R. Keyburn comes next with two lots to pay for. J. C. McLean is down for two lots. J. T. McElree was eager to get his name on the list. J. D. Price, who has a four-lot frontage, was eager to get himself down in black and white. S. S. Jackson said "sure" when the agreement was handed him. So they are coming. Among those who have signed their pleasure in helping along the improvement are J. Allan Knapp, P. M. German, Nate Dundson, Mr. Wilkinson, the Home Telephone Company, and more. Others have not been seen with reference to the specific agreement as it has been put into shape.

The Highway Commission is helping the matter along and will have a clause in the contract which is to be let either on the 23rd of this month, when the bids come in, or possibly a week later, on Dec. 30, by which the contractor is to be bound to do all this work at the same price as he does the county strip and under the same guarantee.

# JAPAN RESENTS PROPOSED U.S. MEASURE

Will Object to Exclusion Part  
of Immigration Law Be-  
fore Congress

LONDON, Dec. 19.—It is cabled from Tokio that there are already signs of resentment there at the proposed immigration legislation of the United States with its reported provision against the admission of aliens who are "entitled to citizenship."

The correspondent says the Japanese government is awaiting particulars of the proposed legislation and, while deprecating the popular excitement, is prepared, if necessary, to communicate its objections informally if the measure involves discrimination, either veiled or unveiled.

The government is anxious, however, the correspondent says, that such a necessity should be avoided, especially in view of Japan's promise to participate in the Panama-Pacific Exposition and its efforts to overcome the disinclination of Japanese business men to cooperate in the exhibit at this show.

## WOMEN'S FADS AND FANCIES

By Margaret Mason

NEW YORK, Dec. 19.—Speaking of Christmas stockings the showing for the holidays is enough to turn a head-masculine as well as feminine and often one good turn deserves another. There seems to be a regular understanding that hosiery must live up to the diaphanous texture of the rest of the toilette and this is certainly being done. Yea, verily our Puritan forefathers could they but see the gauzy, gaudy and gorgeous covering on 1913 models would dub them aptly limbs of Satan. Such riots of embroidery and color, such ornate insets of lace were never seen before.

As always the thin plain black stocking is ever and everywhere in the best of taste, only nowadays its thinness has positively reached the last stages of emaciation. If you are wearing the new cloth topped boots, your hosiery must carry out, or rather up, the color theme of the cloth top. In shades of tan, grey or the more

and apropos of the tango the laced tango slipper or cothurn which is the last step in evening footgear has created a new Xmas gift to tax poor Percy's purse. For rhinestone costume slides and buckles are among the newest and most attractive holiday gifts for the season to lay at his ladies' feet.

Time was when the correct gifts for the lover to offer his adored one at the merrie Yule Tide were flowers, fruits or bonbons with perhaps a book, a lace mouchoir or a box of gloves if his ardor were intense. Now he is expected to come through with either a cigarette case, a walking stick or a monacle. How times and women have changed indeed.

It is safe to hazard, however, that more of the tango slipper sets will be presented this Xmas than any other gift and the Christmas counters are ashine with them ranging in designs and materials from rhinestones set in silveroid at \$5 a set to silver and gold and platinum mountings encrusted with semi-precious or precious stones costing up through two into three figures.

If you are clever with your fingers, out of brocade moire, dull galloon and a tube of library paste you can fashion the most exquisite gifts with bristol board or cardboard foundations such as desk blotters and book racks, calendars and dainty books to hang on the telephone and record off needed telephone numbers, jewel and sewing boxes, wastepaper baskets and lampshades. With a touch of gold lace and a few of the dainty French flowers of silk and ribbon you will have creditable rivals of the imported French gold lace and brocade art work that is as costly as it is beautiful.

priest ultimately restored the happiness of a home that has been wrecked by the evil plotting of one who coveted his neighbor's wife, and sought revenge because his rival had won the love of the woman to whom she had paid suit in the days when she was free to choose between them. In consistent action, the truth is made plain that suspicion increasing to what seems certainty of guilt, is easily engendering where even absolute innocence prevails, and the story's progress makes plausible its culmination in what seems irremediable disaster.

**Croup and Cough Remedy**

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c and \$1.00. A bottle should be in every home. At all druggists. H. E. Bucklen & Co. Philadelphia or St. Louis.—Advertisement.

### "The Rosary"

Every theatergoer in this city knows that "The Rosary" was the most talked-about play in the popular priced houses last season. This play struck a responsive chord in the hearts of the people, with its many human interest qualities, it proved to be immensely popular. Owing to its last season's success, "The Rosary" is being repeated again this season by the well known producer, Ed. W. Rowland, Jr., and it comes to the Grand Opera House next Monday night.

"The Rosary" tells a modest and unassuming story of how the watchful and protective influence of a good

## FARM CREDITS TO BE NEXT ONE CONGRESS

Comparison of Holiday Rates  
Show Benefit to the Com-  
mon People

WASHINGTON, Dec. 19.—With the currency reform bill about to be enacted into a law, the president and congress will devote themselves to the early creation of a system of agricultural credit. The first steps in this direction will be taken in a few days, when there will be submitted to both houses the report of the national commission which investigated the subject, together with a bill prepared by the commission which has received the approval of the president.

According to the commission's report, disclosed yesterday, agricultural credit naturally divides itself into two great classes, namely: Long time or land mortgage credits, which is defined as credit to meet "the capital requirements of the farmer," and short-time or personal credit, which is defined as "credit to meet the current or annually recurring needs of the farmer."

In the European system of agricultural banks the distinction between these two classes of credits is sharply drawn. In considering the question of whether the conditions in our country demand a segregation of institutions designed to meet these two classes of credits, the commission attempted to define in the first place the needs of the American farming population in a financial sense.

The farmer's capital requirements are described as his need for large sums of money to be used in aiding him to pay the purchase price of the farm, improvement of the farm, such as construction of buildings, drainage, irrigation and clearing, or the equipment of the farm, so as to bring his operations to the highest state of efficiency.

## FEARFUL OF FROST PICK ORANGES GREEN

W. L. Benchley of Fullerton has returned from a trip to San Francisco with a report of good conditions in that city and a promise of much better later in the year. Financial conditions, according to Mr. Benchley, are good, but the San Franciscans are inclined to be acrid and slander Los Angeles and Southern California.

"Northern California growers are picking their oranges green," declares Benchley, "because of the fear of frost. The men up there are so badly scared out by predictions of bad weather that they are gathering the oranges long before they are fit, and the consequence will be disastrous for them. This unripened fruit cannot compete with our product, which will be allowed to mature and become large. The coloring is already excellent, and we might begin making shipments, but the condition of the market warrants us holding out until after Christmas or the first of the year. We will not have any oranges for Christmas shipment at all."

"There is still an amount of the small Florida stuff on the market."

### Tom Lynch, Who Quits National League, and Secretary, Who Remains

President Tom Lynch, whose career at the head of the National League, has been almost stormy, must get out to make room for Governor Tener of Pennsylvania, while John A. Heydler will remain as secretary and president pro tem during the year Governor Tener will serve Pennsylvania before taking active control of the league.

Tom Lynch's fall is due to his devotion to umpires, to whom the fans are not over-devoted. Once an umpire himself, an umpire of stern and unbending will, he has upheld his men on all except two occasions. In one of them—the case in Philadelphia, where Umpire Brennan forfeited a game to the New York Giants because Manager Dooin would not "compel" centerfield fans to quit waving their coats when a ball was being pitched to the batter—he held the umpire was wrong. Many fans believe that in this case the umpire's decision was correct.

But Lynch's regular indorsement of the rulings of his umpires had aroused most of the presidents of clubs in the league, and they are the directors who choose the president. Nearly every one of them had come to the conclusion that his club had been wronged at one time or other, and Lynch's failure to heed protests made them turn against him.

In Governor Tener, who will take active charge January 1, 1915, the magnates will find a man of as much determination as Lynch. Twenty-four years ago the present governor was a big league pitcher. He never had trouble with umpires, was never once put out of the game. How far he will go in upholding them is not known. He will draw \$25,000 a year for four years, the same salary the American League pays Ban Johnson to rule the American League. It is the highest salary ever paid a National League president.

### WATER TANK IS NOW OUT OF COMMISSION

Orange News: One of the city's two 50,000-gallon reservoir tanks has been put out of commission because it is no longer safe for use. One of the city's pair of tanks fell to the ground about two years and a half ago, letting loose a flood of water that deluged the waterworks. At that time the remaining tank was repaired and braced, and although it was in bad condition then, it has

lasted until the present. It has become so weakened, however, that its further use is deemed dangerous.

A new tank was built when the old one fell down. It will now be necessary to build another to replace the one that has just given out. These tanks furnish the supply of water for the city mains during the night when the waterworks pumps are not running.

### BOYS TAKE AUTO FOR JOYRIDE TO ANAHEIM

Fullerton Tribune: Saturday night a number of boys took the Ford automobile belonging to W. A. Culp from his residence at Brea, drove through this city to Anaheim, and, after joyriding around until 3 o'clock, returned the car to its owner. Mr. Culp was waiting for the miscreants, but did nothing to them except deliver a lecture and secure a promise that they would not repeat the performance.

City Marshal French was called up about 11:30 Saturday night by Mr. Culp, who told him of the raid that had been made on his speed wagon. He declared that the car would likely come through Fullerton, and asked the marshal to lie in wait for the vandals. French missed the car by about five minutes, by his own calculation, else the joyriders might have spent a few hours at least in the "cooler."

Wiesseman's Variety Store will be open evenings until Christmas, beginning Friday.

EDWARD WHITE LEADS FIGHT  
IS CANDIDATE AGAINST PRICE

Brother of Famous U. S. Senator Wants to be California Governor

WATSONVILLE, Dec. 19.—Southern California still remembers Senator Stephen M. White and his friendship for that section of the state with feelings of gratitude. His people will be glad to know that a brother of the senator, Edward White of this city, who is remarkably like him in personal appearance and in character, has consented to become a candidate for the Democratic nomination for governor. Behind him he has the united and enthusiastic support of not only the people of the Pajaro Valley but also of large numbers of friends in all parts of the state. They are determined no effort shall be wanting to make him the next governor of California.

By his friends and supporters, Edward White is believed to be the man to unite the factions of the Democracy in the next campaign. They say for him that his wide acquaintance with the political situation as it exists today, the fundamental character of his democracy, his honesty in every relation of life, his ability to grasp every question from the standpoint of the plain people, his sympathy with the progressive tendencies of the times, all things qualify him in an unusual way for the office which he has been prevailed upon to seek.

Edward White has never been an office seeker but is not unacquainted with public affairs. He has been a staunch worker in the ranks for the Democratic party when that party has been true to its ideals and to the people. His admirers declare he enters the race without a handicap, that he will conduct his campaign with honesty and fairness and that he will cross the line in the lead by the very force of his personal and political integrity.

Watsonville Democrats believe that in Southern California Edward White can look for hearty support and that among those who revere the name of his brother he will win many staunch admirers.

Members of the Southern California Beet Growers' Association and other beet growers are receiving postal cards with an announcement of the decision of the directors of that association to fight the proposed reduction in the price of beets by the factories from \$5.25 a ton to \$4.50 a ton. The result of the meeting was published in the Register, but since the postal card contains the direct appeal of the association it is published. The card says:

"To the beet growers of Southern California:—At a meeting of the directors of the association held today the matter of the proposed reduction in price of beets was thoroughly discussed and it was the unanimous opinion of the directors present that the growers cannot afford to raise beets at \$4.50 per ton for 15 per cent beets. The larger growers have all announced that they will not sign contracts at that figure, but will put their lands into other crops if the factories insist on the 75 cent reduction. If each grower will take the time to figure the cost of production and interest on his investment, he will see the wisdom of arranging to grow other crops until a price can be secured that will pay a fair profit. It is possible that the former price of \$5.25 may be maintained for the coming season. This association proposes to keep you thoroughly informed in the matter.

Asking your hearty co-operation in advancing the beet industry, we remain,  
"Yours faithfully,

### LOS ANGELES PRODUCE MARKET

The demand for fresh vegetables is very good and there is still a large assortment to draw from. Fresh mushrooms are coming into the market in large quantities and are selling anywhere from 35 to 75 cents a pound, according to quality. Many of them are wild and a few have been grown domestically. The call for this delicacy is very heavy, exceeding as a rule the supply. Tomatoes are still plentiful. The ones that are filling the market are of a glut of inferior quality and are not selling from 35 to 50 cents a pound. From that figure to \$1.25 is being considered a fair price on first-class packing tomatoes. Cucumbers are still plentiful. Fresh beans, peas and small vegetables are supplying the demand at a figure that was scarcely lower during the summer months. Bell and chili peppers are still plentiful. Squash are bringing an average of 50 cents per lug box on ordinary varieties.

With a slight decline in prices, in the north and a small demand for local ranch case count eggs, the market dropped off 1 cent, the price on this grade going to 44 and candled down to 47 and 48.

Butter arrivals were 82,790 pounds. Trading was light and the market unchanged.

—Special half-price sale of suits, coats and dresses, all this week, at the Smart Shop, 406 N. Sycamore street.

## 'Lough Said

is a good old American expression which means "I'm satisfied. Save your breath." Will you come in and look these up?

2 houses very close in, on one lot. Both new and high class. High class, you know, is the best there is. The nice little bungalow in the rear rents for \$17 a month and tenants will give lease for a year. You will want it at \$1800, but you can have it for less if you make up your mind quick.

20 acres sandy loam, 3 miles out, good alfalfa ground, has been in peppers. Will trade for Long Beach or Los Angeles at \$8000. Cash, however, is always acceptable, and will not be turned down.

Fine house and 1/2 acre on Flower street, offered for sale at \$1800. If not taken in 60 days, owner won't sell. This is second notice. You are the loser, remember, if you put off looking this up. The place is highly improved, and we guarantee it to be more than can be represented by word of mouth.

A real live buy where party really wants to deal, and is willing to back his intention with cash, in 10 acres at Delhi. Been in alfalfa and barley. Now planted. Will trade at \$6000 for city or Tustin, or less for cash.

Nice 3 acre walnut ranch in city limits, \$6000 income. Fine appearance, water stocked, complete improvements, and price right. \$6500, terms.
